

Notice

Pine Grove Sub-division

Water Main Flushing

April 21, 2014

In an effort to maintain high quality drinking water, during the morning hours of **Friday April 25, 2013 from 8:00 am to 10:00 am**, the City of Stockbridge Water Department will be flushing fire hydrants within the Pine Grove Subdivision. During this time consumers should expect times of low or no water pressure and/or discolored water. Although it is safe, unless it is necessary, we ask that you refrain from using any water while we are flushing to avoid discolored water from entering your home.

If you have any question, you may contact me at the following:

Email jbledsoe@cityofstockbridge-ga.gov Office 770-474-1232

Thank You

Jeff Bledsoe

Water System Superintendent

City of Stockbridge
