The luncheon recognizes the work of the **first responders of the police department, fire department and emergency medical technicians across the city and county.** This is a celebration of what first responders do for others every day. They accept the challenges and responsibilities by showing up in the face of danger because they are committed to serve.

The luncheon will also allow the public an opportunity to show their appreciation to our brave men and women.

First Responders serve the community with pride, honor, courage and respect. Our safety and well-being are often dependent on their commitment and devotion.
